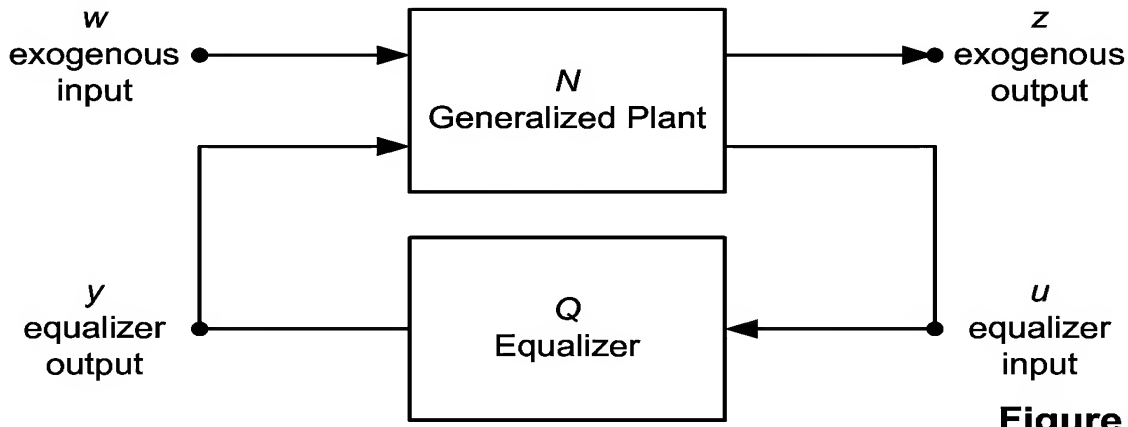

Figure 1C
(Prior Art)

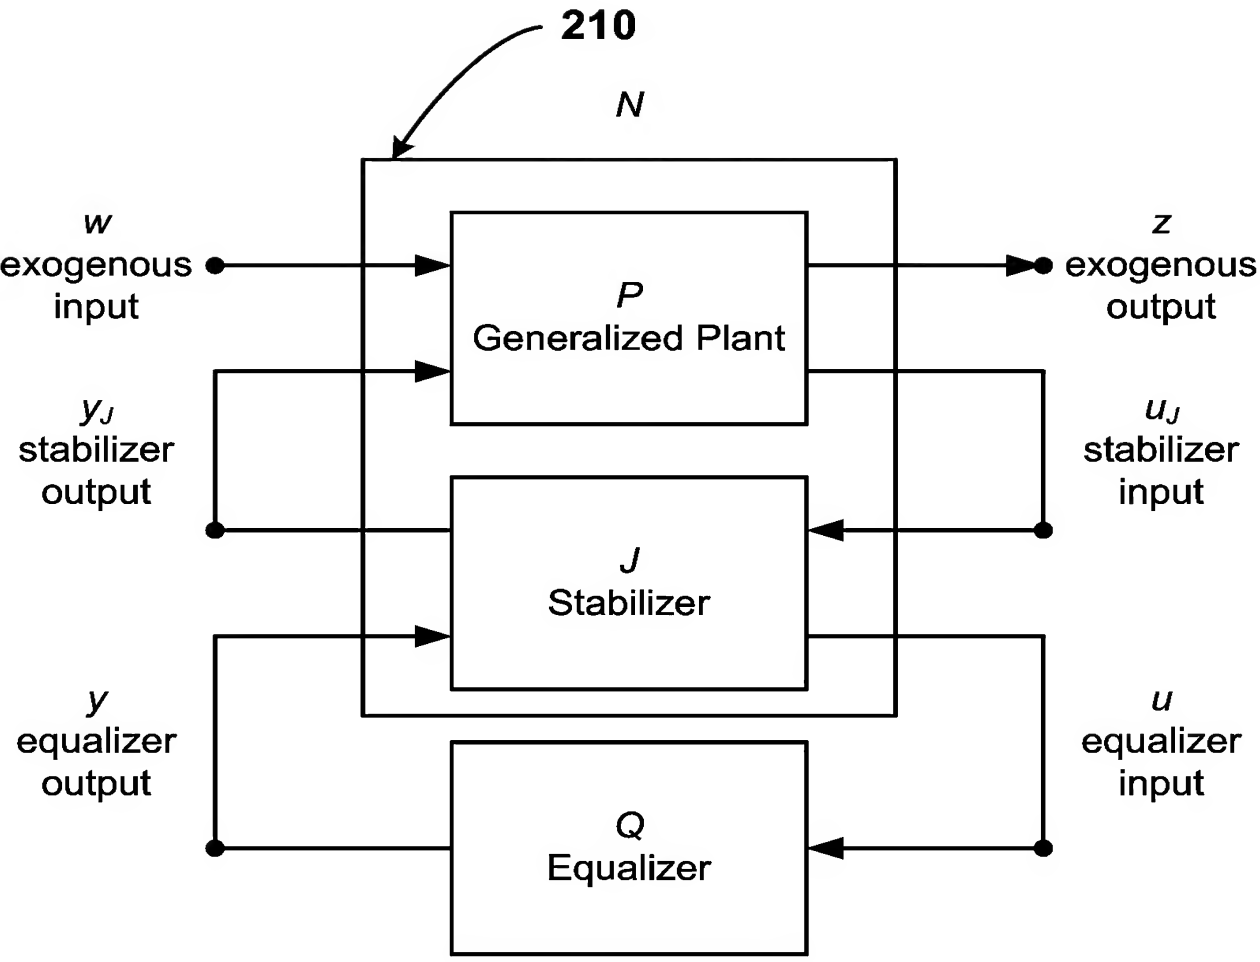

Figure 2
(Prior Art)

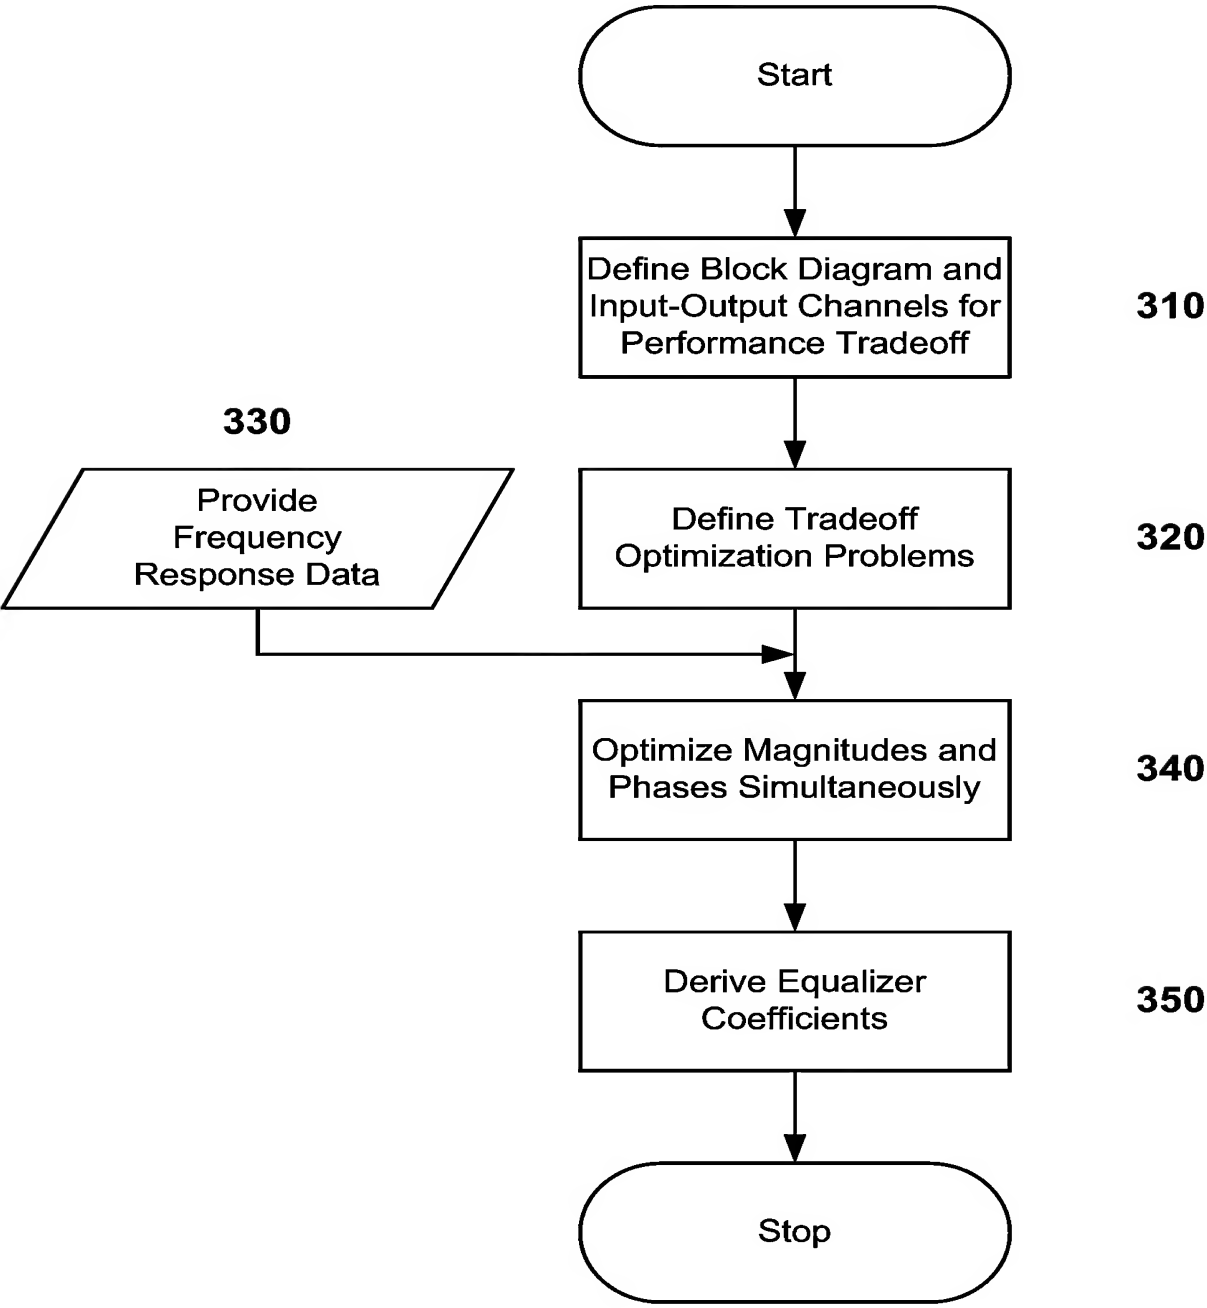

Figure 3
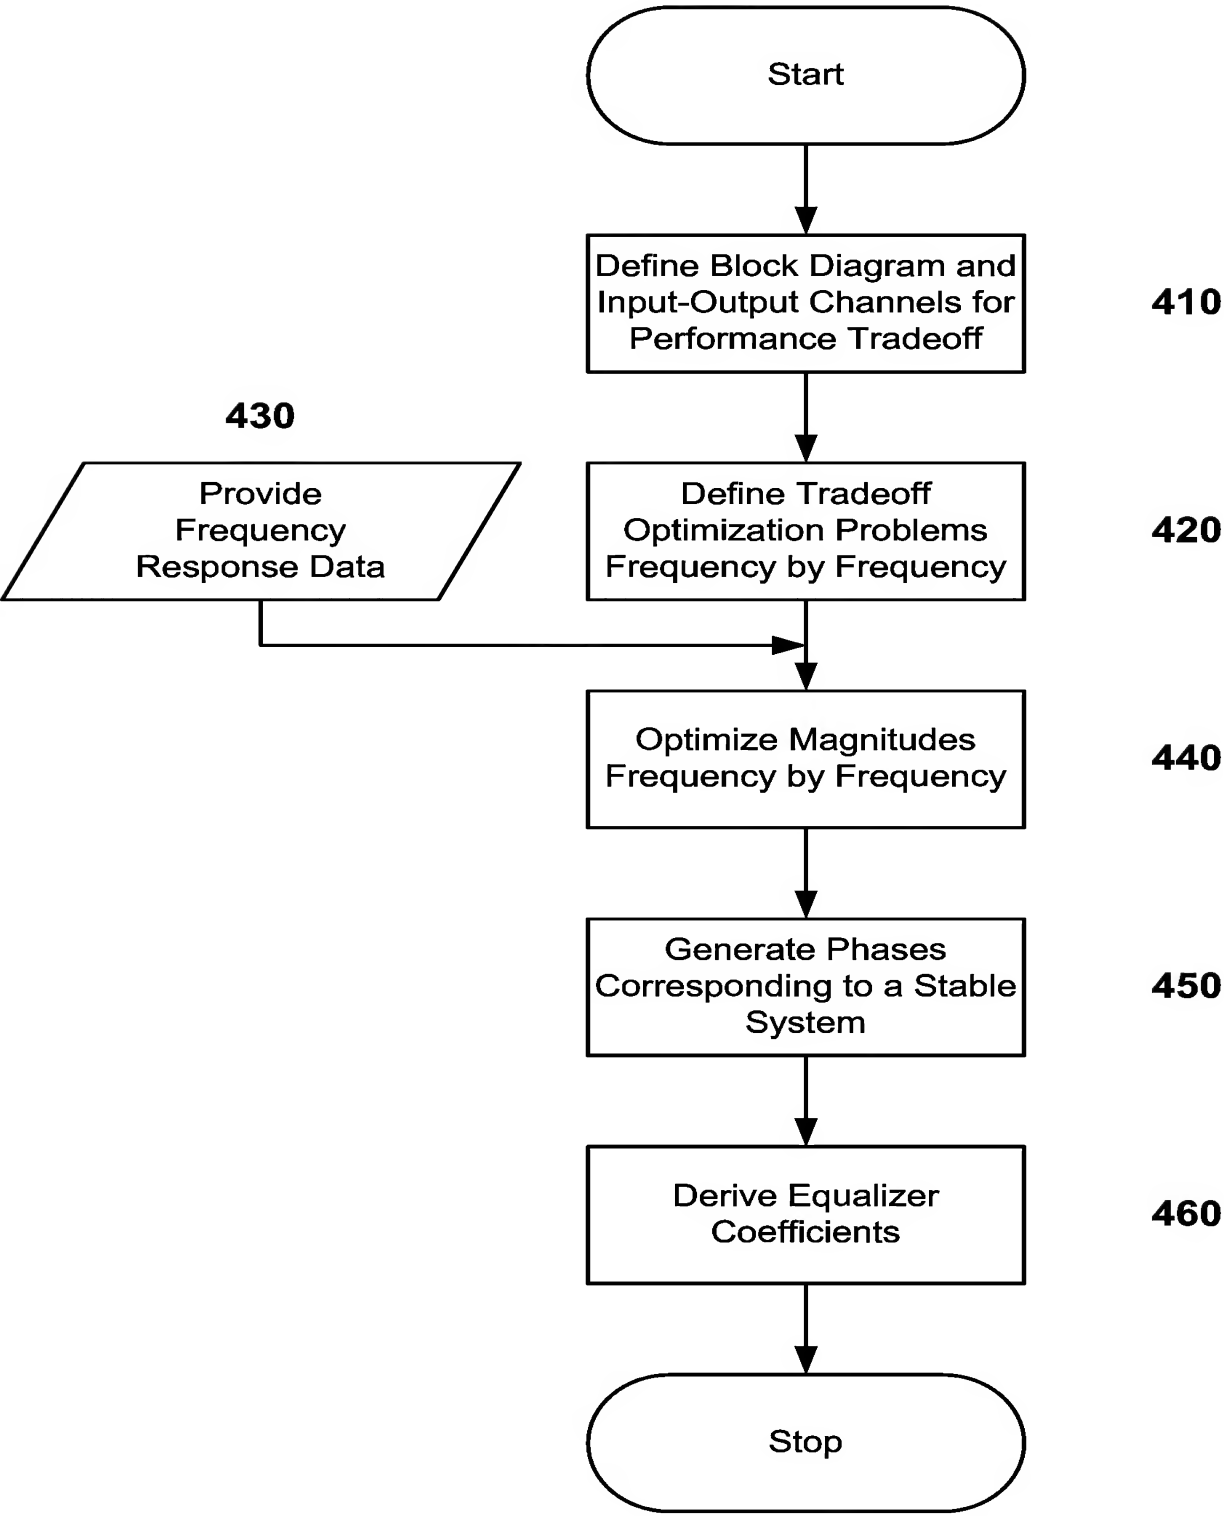
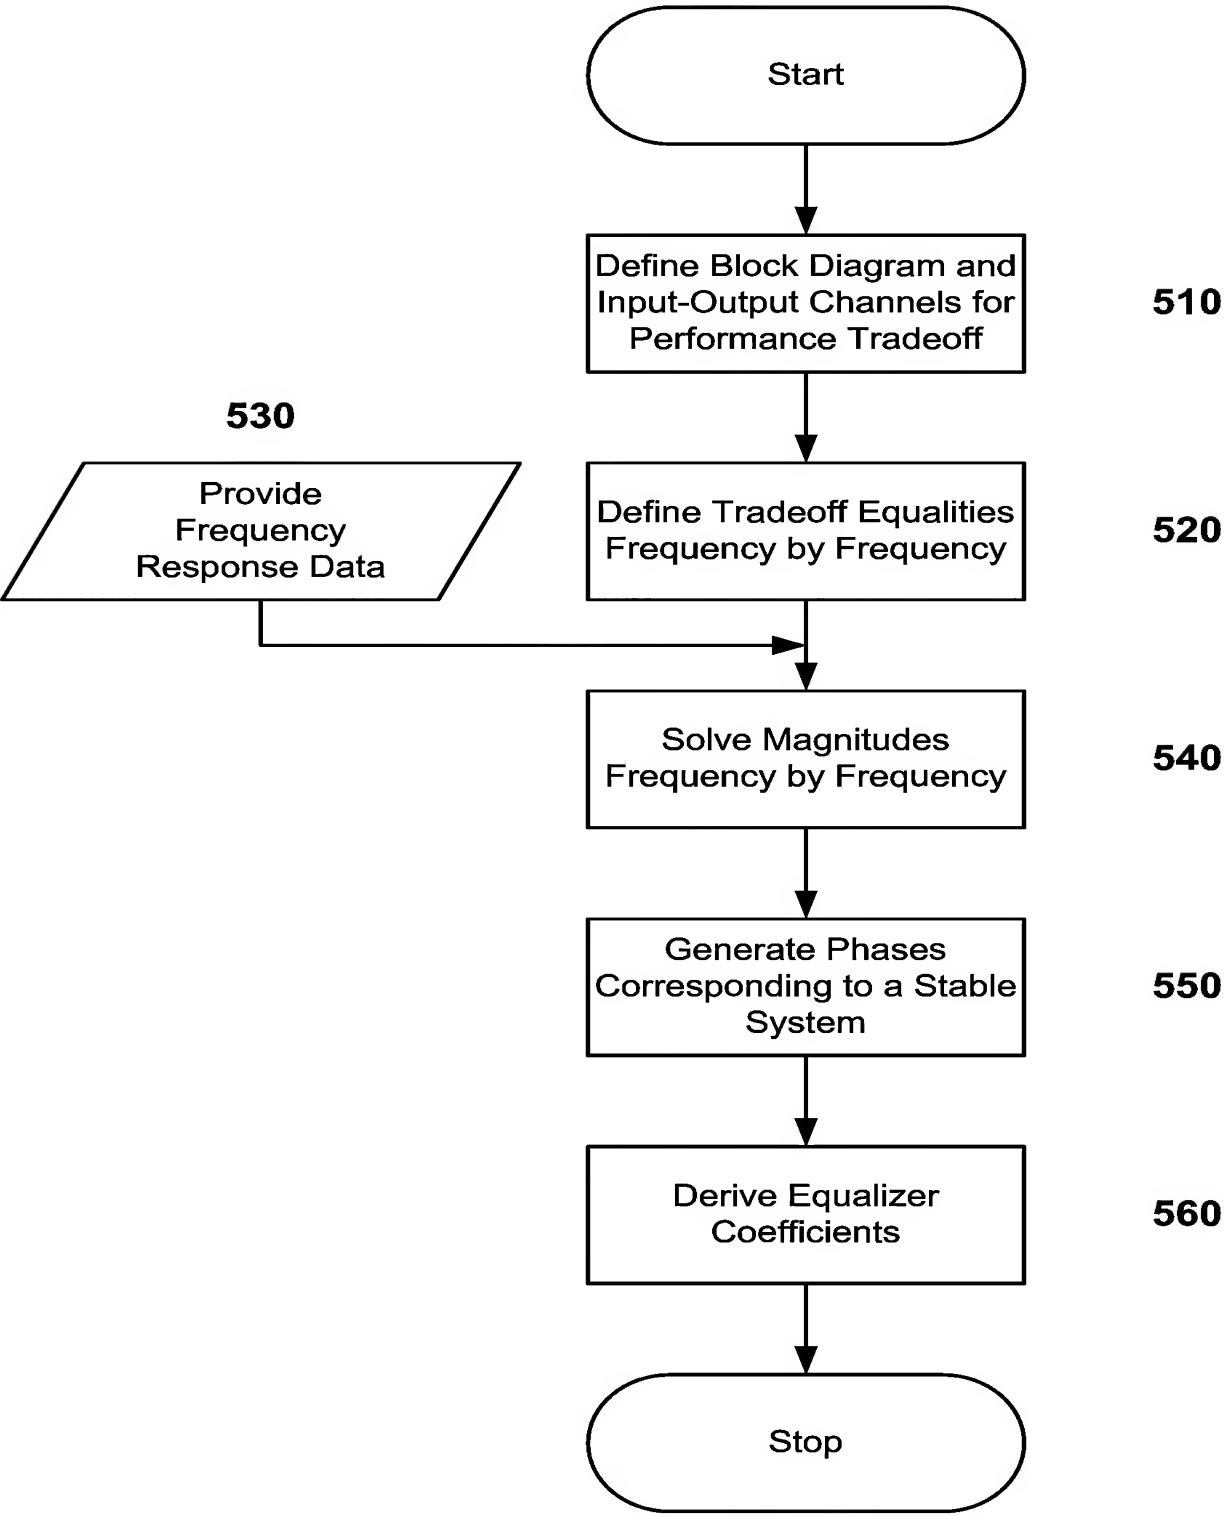
(Prior Art)



Start
Define Block Diagram and Input-Output Channels for Performance Tradeoff
410
430
Provide Frequency Response Data
Define Tradeoff Optimization Problems Frequency by Frequency
420
Optimize Magnitudes Frequency by Frequency
440
Generate Phases Corresponding to a Stable System
450
Derive Equalizer Coefficients
460
Stop

Figure 4



Start
Define Block Diagram and Input-Output Channels for Performance Tradeoff
510
530
Provide Frequency Response Data
Define Tradeoff Equalities Frequency by Frequency
520
Solve Magnitudes Frequency by Frequency
540
Generate Phases Corresponding to a Stable System
550
Derive Equalizer Coefficients
560
Stop
